

Countdown to Barefoot Party Time!

Congratulations, you've made your wishlist and your guest list! Here's what's next:

Extend personal invitations ← 2-4 weeks before the party

Let each friend know how much you want them to join you by extending individual invitations. Use the mode of communication that you usually use with each person (e.g., in person, phone call, text, etc.). A group email or Facebook event invitation is not the most effective way to get people to attend.

Send a reminder ← 1 week before the party

Send an email or printed invitation to your guest list as a reminder.

Send me your guest list ← 1 week before the party

Share with me some basic information about the guests who have said they will or might attend. A list of names, ages of children in their lives, and an email address or phone number is all I need. Your party will be more successful if I know a bit about your guests in advance!

Take orders from friends who can't come ← 2 days before the party

Follow up with friends who have said they can't come and offer to take their orders via phone or email.

Send one last reminder ← 2 days before the party

People are busy and will appreciate the last-minute reminder. If you've sent me your guest list, I can do this for you!

Plan simple refreshments and get ready to have fun! ← 2 days before the party

Enjoy yourself, and your exclusive rewards!
